BRADLEY'S

Trade

Mark.

FERTILIZERS

The Bradley Fertilizer Co. manufacture fertilizers of all grades and for all crops; and being the largest manufacturers in the world, our facilities for furnishing all kinds of fertilizers and agricultural chemicals at the lowest prices are absolutely unequalled. Our leading brands are:—

BRADLEY'S SUPERPHOSPHATE,

A complete fertilizer for all crops.

BRADLEY'S POTATO MANURE,

The best potato fertilizer in the market.

BRADLEY'S COMPLETE MANURES,

The highest grade fertilizers made.

B. D. SEA FOWL GUANO,

The oldest and most reliable guano.

BRADLEY'S SEEDING-DOWN MANURE,

For seeding down grass and grain.

ENGLISH LAWN FERTILIZER,

The finest lawn fertilizer in the world.

Etc. Etc. Etc.

Send to us for finely illustrated pamphlets, describing all of our brands, and let us quote you prices on these unequalled fertilizers, before purchasing elsewhere.

BRADLEY FERTILIZER CO.

92 State Street, Boston.

TREASURER'S REPORT.

RUMNEY, Feb. 20, 1894.

School Report.

Owing to the necessary absence of Mr. Hunt and Dr. Fox the writing of the annual report of the school, has been assigned to me. I have visited only two of the schools during the past year and can therefore report only from the statistics given in the School Registers. Perhaps it would be sufficient for me to say that every school in town has been up to the standard. I have heard of the hard work and great interest manifested, both by teacher and student, in all schools where the scholars have attended schools to LEARN. One register indicates to all appearance, that in that school, the scholars attended only to escape the school law. I refer to the school in the Payne district. With the advantages given them for the past year, it seems, and is wrong that they could not have been improved. The record for the fall term shows three hundred and fifteen absent marks against the names of nine pupils. The name of Bertha Chase is on the "Roll of Honor" for the year, and Herbert Chase for the spring term. It would appear that the two, with one exception, were the only ones benefited by this term of school.

Parents, are you doing your duty by the little ones God has intrusted to you?

I had the pleasure of visiting the Grammar school, taught by Miss Burleigh. The committee were fortunate in securing her services for the entire school year. Of thirty-eight scholars for the winter term, sixteen were on the "Roll of Honor". Space will not permit me to speak of each school separately. It is enough to say, that the committee who visited them were pleased with the improvement made by the pupils.

The school at West Rumney was assigned to my especial care. The summer terms were taught in the old school houses. At the village by Miss Cutting, the Plains by Miss Hattie Hardy. The new house being completed, the schools were united in the fall, and the services of Miss Cutting were secured for the year, but owing to ill health she was obliged to resign, to the regret of the school board and pupils. Miss Josie B. Clark was secured for the winter term and was successful, as was also Miss Cutting. This year as in former years we have given badges to those who were on the Roll of Honor for a single term. The past year 113 badges have been given out.

Those pupils who have been on the Roll of Honor for the entire year are as follows; Eva Fales, Bertha Spaulding, Mable Downing, Maudie Hickok, Joseph French, Laura Loveland, Daisy Hardy, Mertie Wallace, Charles Bickford, Elwin Wells, Bertha Chase, Alice E. Hall, Willie R. Atwood, Lottie B. Hill.

The register for the Depot school has not been received therefore that school is not included in this report. It is impossible for me to give the enumeration of scholars in town for the year ending Feb. 15, 1894. Only two of the eight registers are properly filled out. Teachers should carefully study the directions given and properly fill all spaces. The correct statistical reports depend upon the teachers report for the year.

In closing this report allow me to extend thanks to those who have kindly interested themselves in the schools the past year.

SUSIE C. ATWOOD.

SUSIE C. ATWOOD, } School Board
I. N. FOX, M. D. } of Rumney.

I certify that the above is a correct statement of the treasurer of the school board for the year ending Feb. 15, 1894.

SUSIE C. ATWOOD, Treas.

BUILDING AND REPAIRING.

Your committee on building and repairing, have attended to their duties and submit the following: For the new house we secured a plan and specifications, for such a building as would come within the amount appropriated, and advertised for bids, according to the usual formulas. Proposals were received from five contractors, ranging from \$700. to \$1150. The former bid was withdrawn before the contract was signed, and G. F. Dexter of Rumney, being the lowest, then remaining, signed the contract for \$860., but as is usually the case in building, your committee desired some changes, and a better quality of sheathing, consequently the amount paid him was \$888.67. The painting, with some few other bills as shown in the financial statement, was \$119.42 making a cost for the house \$1008.09. The furnishing, being left in the hands of the committee without any appropriation for the same, was met by money as shown in financial statement, at a cost of \$221.74. In the matter of repairing, we have tried to do thorough work, with the exception of No. 3 we have painted each house, both inside and out, with two

coats of best white lead and oil; five rooms have been papered, three have been sheathed overhead, one house has been shingled, one reseated. No. 3 house, has not been used for three years, and as there are no scholars in that vicinity to attend a school, your committee would recommend selling the house to the highest bidder. The amount expended on repairs, new house and furnishings is as follows:

BILLS FOR REPAIRS.

Feb 15, 1894
